

Members of the Pacific NW CSA Coalition enjoy the following benefits:

- **Listing on the www.pnwcsa.org website -- the most accurate CSA directory in the region.** Last year our directory received over 40,000 hits, with 10,000 new visitors looking for CSA farms for the first time.
- **Being part of the largest community of CSA Farmers in the Pacific NW**
Attend farm field trips, potlucks, and workshops. Connect with and learn from other farmers in the region.
- **Table at the annual CSA Share Fair**
This year we'll be hosting Share Fairs in Portland, Eugene, and Hillsboro.
- **SNAP (formerly food stamps) payment processing**
In 2025, we processed over \$206,000 in SNAP for our member farms. 73 farms were enrolled in our program, serving over 575 families throughout Oregon. Our process does not require swiping a card and operates just like automatic bill pay. There is a small additional fee per customer for this service.
- **Double Up Food Bucks** incentive program participation. We will cover HALF the cost of the subscription to help your customers who pay with SNAP afford shares. Last year we were able to distribute \$173,000 of DUFBI incentives to our farmers on behalf of their members.
- **Matchmaking with Employers and Organizations**
Every year, the Coalition matches CSA farms with employers and organizations that want to host dropoff sites.
- **Promoting your CSA farm at events**
Have a presence at events where PNWCSA hosts a table. Last year we tabled at 15 events, talking to people about CSA and pointing them to farms in their communities.
- **Member services by Coalition volunteers**
We answer emails from the public, respond to media inquiries, play matchmaker for people who want to join a CSA, and educate about the benefits of CSA throughout the year.

Supporting CSA Farms also have the following responsibilities:

- **Complete the 2026 Farm Registration at [2026 PNWCSA registration](#).**
- **Make an annual donation at [PNWCSA membership dues](#).**
Your membership is based on your 2025 gross CSA sales. We ask that you donate 0.1% of last year's gross (or \$100 for every \$100,000). Farms that sold less than \$50,000 should make a donation of at least \$50.
- **Support the Coalition by participating in fundraising events**
The Coalition is working hard to make the weekly delivery of fresh, local food available to everyone in our region because CSA changes eating habits and improves health. Give your members the opportunity to support our work.
- **Track and report referral sources.**
- **Help share and promote Coalition events to your members** via social media, newsletters, and other means.
